

Badger Cull Survey

PAC is a group representing landowners and others who are faced with the prospect of government officials forcibly entering their land to cull badgers. PAC is actively seeking to have badgers vaccinated rather than killed. We want to hear your opinion for or against the cull. We will support landowners that do not want their badgers killed.

Please answer as many of the following questions as you can: (circle one)

1. The cull area has not been clearly defined. Landowners as far south in Pembs as Wolf's Castle have been contacted by the Welsh Assembly regarding the cull. Are you responsible for land in north Pembs? Yes No
2. Are you in favour of:
A. Letting the cull go ahead B. Vaccinating badgers C. Leaving the badgers alone
3. We are compiling a map to show the Welsh Assembly, the land occupied by people against the cull. Would you be willing to add your land to the map? If yes please give us your contact details so you can tell us how many hectares/acres you have and where it is located.

4. We are also compiling a list of people who don't wish to be on the map but would like to register their opinion. Please give your postcode and the number of acres/hectares you are responsible for.

5. If you would like to support us or would like more information, write your name & email address or telephone no.

6. Please write comments or suggestions here or email us at badgers2009@hotmail.co.uk

Thank you for taking the time to fill in this survey.
